

Program of the " ADIFP 2010 Tables rondes " 7th June 2010

Objectives :

The objective of these 2010 "Tables rondes" is to give IFP Phd students the opportunity to discuss and discover different companies and careers opportunities in a less conventional framework.

Invited companies and Speakers:

ADIFP hosts

1- BeicipFranlab	: M. Bruno Murrat	/ Sabre Bougrine
2- CGG Veritas	: M. Talaatlout Abdelkrim	/ Marie CHauve
3- ExxonMobil	: M. Benoit Anquez	/ Hedi Amrouche
4- IFP	: M. Benoit Noetinger	/ Marie Savonnet
5- Schlumberger	: M. Pascal Panetta	/ Zyed Bouzakrouna

The ADIFP Hosts will help you for the procedure at the IFP's entrance and will also help you to find your location for the different session.

PhDs at IFP:

- More than 150 Phd Students on two IFP sites (around 100 in Rueil-Malmaison and around 50 in Solaize)
- 50 % foreign students
- Diversity of subjects of research (upstream, downstream, applied mechanics, software engineering, economics...)

Organization :

The tables rondes will be organized in two sessions. A first one, that consists of separate groups of companies at different tables with PhD students.

At each table, there will be a "table leader" in charge of supervising the discussion between the representatives of the companies and the PhD Students. The table leader will touch on the following subjects:

1. Activities of the companies (focus on the research and engineering centres)
2. Career opportunities for "PhD Engineers"
3. Training program for employees
4. Current main research activities
5. Environmental policy of the companies
6. Discussion on the security of offshore facilities and gas transportation at sea.
7. Selection of curriculum vitae

The second session will consist of individuals interviews.

SCHEDULE

Meeting point for all PHD students at 9h15 at the Amphi TA (14)

9h30 – 10h "Setup"/ A few words about ADIFP

Room: TA (TAMARIS) 14
